

PRO 2000i LOW LEVEL FS

Example picture; Pro 2000i LL equipped with 240 litres U-shaped hopper

The PRO 2000i Low Level FS depositor is a heavy duty filler capable of large volume deposits and products with big pieces such as soups, deli salads, stews, chili and so much more. The products get deposited with an accurate weight and without compromising the product quality at all.

ADVANTAGES:

- The integrated agitator holds liquid and solid particulates in suspension
- Deposits chunks without compromising the integrity of your product
- Speed and portion accuracy
- U-shaped 240 litres hopper or rectangular 270 litres hopper
- Full wash down
- Tool free, quick cleaning and changeover design

FEATURES:

- Easy to operate, variable speed agitator controls
- Heavy duty all stainless steel construction with 5" (127 mm) locking swivel casters
- Quick connect stainless steel fittings
- Wide cross-section at pipe inlet and outlet ensures gentle processing of products
- Extra large hoppers - to be filled with 200l tilting lifter
