

UNIVERSAL 1000i FS

The Universal 1000i Food Service is the industry most versatile depositing system. It can be used for clean depositing of relatively viscous to liquid products with and without chunks such as batters, fruit fillings, sauces, delicate mousse fillings, salad dressings, soups, deli salads and dairy products. This depositor can be fitted with a wide variety of attachments and accessories including depositing heads, handheld nozzles etc. The unique powerlift feature allows the depositor to be lowered for easy filling of the hopper and for adjusting the working height to a desired and comfortable level. The Universal 1000i Food Service filler is designed for ultimate sanitation requirements in food service areas.

ADVANTAGES:

- Speed and portion accuracy
- Full wash down - all food contact parts are dishwasher safe
- Tool free, quick cleaning and change-over
- Large deposit range: 9 ml - 1064 ml

FEATURES:

- Can be fitted with more than 100 attachments: nozzles, injecting needles, decoration heads etc
- Sloped horizontal cover for improved food safety and sanitation
- Pneumatic control system designed to work in very humid, cold and hot environments
- Heavy duty stainless steel construction with 5" swivel castors
- Easy to adjust working height (telescopic power lift frame)
- One-turn calibrated deposit speed dial

UNIVERSAL 1000i FS
